

December 2023

Dear Parent/Carer/Neighbour,

**RE: Redevelopment of Waseley Hills High School**

We are pleased to inform you that the much awaited redevelopment of Waseley Hills High School will be starting on mid January 2024 with some minor survey works in the weeks before.

The works are being carried out in a phased manner and we would like to assure you that we will put up secure fencing and notices before we start works, we will also be engaging with the pupils of both Waseley Hills and Holywell primary to explain to them what we are doing and the hazards of our works.

As well as providing some curriculum links from our works to what they learn in the classroom so that as many people as possible benefit from the project.

We will start by setting up our compound on the grass area between the school and Gunner Lane which will include cabins, storage and parking to minimise any impact on neighbouring streets.

We would like to reassure you that Tilbury Douglas are considerate constructors, we will always seek to complete our work in a way which causes minimal disruption and where disruption cannot be avoided we will communicate with you in advance and put in as many mitigating measures as we can. If you have any questions or queries throughout the project you have my contact details at the end of the letter.

The scheme will be registered with the considerate constructors scheme which is independent of Tilbury Douglas and will give you another means of contacting us should you wish to.

We will produce this newsletter on a bimonthly basis to keep you informed.

*If you have any queries, please contact the undersigned at;*
