

# Year 11

## Ensuring Success in AC1: Geography

<p><b>Format of the assessment(s):</b></p>	<p>Combined paper, 2 hours. Natural Hazards, Living World, Coasts and Rivers, Urban Issues Geographical Applications (Paper 3), 1 hour 30 mins. Pre-release document and Fieldwork questions</p>
<p><b>Topics and information to revise:</b></p>	<p>Combined:</p> <ul style="list-style-type: none"> <li>• Natural hazards</li> <li>• The Living World</li> <li>• UK Physical: Coasts and Rivers</li> <li>• Urban Issues</li> </ul> <p>Geographical Applications (Paper 3):</p> <ul style="list-style-type: none"> <li>• Pre-release document</li> <li>• Fieldwork and skills</li> </ul>
<p><b>Revision materials available to you and where to access them:</b></p>	<p>You have been given a knowledge organiser with all the content on a printed A3 sheet. These will also be on Teams. Your lessons will also be on Teams. GCSEpod! Your book also acts as revision material. Links for revision: <a href="https://timeforgeography.co.uk/videos-list/coasts/">https://timeforgeography.co.uk/videos-list/coasts/</a> <a href="https://timeforgeography.co.uk/video-collections/rivers/">https://timeforgeography.co.uk/video-collections/rivers/</a> <a href="https://www.bbc.co.uk/bitesize/topics/zs3ptyc">https://www.bbc.co.uk/bitesize/topics/zs3ptyc</a> <a href="https://www.bbc.co.uk/bitesize/topics/zpypgdm">https://www.bbc.co.uk/bitesize/topics/zpypgdm</a></p>
<p><b>Suggested revision techniques:</b></p>	<p>Cover, check, write, repeat. Get your parents/carers/family/friends/pets to ask you questions. Create flashcards to summarise info and define keywords. Put post-it notes around the house with keywords on. Condense your notes onto a page a topic.</p>
<p><b>Common mistakes to avoid:</b></p>	<p>Rivers DO NOT flow uphill. Erosion DOES NOT happen overnight, It takes many, many years. Weathering weakens rocks, erosion wears it away. Mass movement DOES happen overnight. Attrition DOES NOT erode the river channel or cliffs. The small trickle at the source IS NOT a different river to the wide and deep river at its mouth. Rivers ALSO empty out into lakes as well as the sea. Urban growth rates are faster in LICs.</p>
