county council

The **Worcestershire Life Beyond School Inclusive Show** offers students the chance to explore their next steps in education, training, and employment at a dedicated event...

It is designed for students across Worcestershire who either have an Education, Health and Care Plan (EHCP) while attending a mainstream setting, or for those students who do not attend a mainstream school. It provides an opportunity to speak with colleges, employers, training providers, and other services about their future options.

Aimed at students in Years 9 to 13, the event also welcomes parents and carers throughout the day. Please can parents/carers ensure a time slot is pre-booked via Eventbrite before attending.

If you're unable to attend, you can still find plenty of free information and career advice on our website...
