

Dear Parent and Carers,

12th September 2025

It has been the first full week back for our students, and they have been excellent in their attendance, punctuality and work ethic in the classrooms. We have seen students very quickly fit into the new routine of the new building and adapt to the changes swiftly, allowing us to concentrate on the most important part - their learning.

The students' curriculum can be found on our website, split into subjects and each year group. This allows parents and carers to discuss with their young person their learning each week and support them by getting them to recall what they have learnt about. A reminder that homework is set on Classcharts and students should be expecting to receive homework according to the schedule outlined on our website. We actively encourage all parents and carers to sign up to Classcharts to track the positives and homework set. If you require any assistance with Classcharts, please use their form tutor as the first port of contact.

The Year 11 and 13 Success evening was a roaring success yesterday evening. We had numerous families come and receive the tailored advice around how to support their young person through the examination year. The resources provided on the evening were very well received, and the PowerPoint presentation will be shared in Arbor to ensure that parents and carers have access to the hyperlinks provided by our staff. Thank you for all your support and soaking up the great advice given by our dedicated staff.

A reminder that next Friday 19th September is Pioneer Day for the whole school. Students are expected to wear PE kit for the whole day to ensure they can take part in all the brilliant activities.

For any who have yet to complete it, please ensure that you complete the fingerprint consent form to ensure that the serving of food at break and lunch time is as fast and efficient as possible.

Have a lovely weekend.

Kind regards,

Mr T Preston

Principal
